

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims

1 – 6 (cancelled)

7. (New) A crockery basket for a dishwashing machine comprising:

a front side; and

at least one handle (1) secured to the front side for movement about a horizontal axis and configured to move outwardly in the opening direction of a door (5) of the dishwashing machine in response to opening of the door (5).

8. (New) The crockery basket as claimed in Claim 7, wherein the handle (1) is configured to move outwardly in the opening direction of a door (5) of the dishwashing machine in response to opening of the door (5) based only on the influence of gravity on the handle (1).

9. (New) The crockery basket as claimed in Claim 7 and further comprising a pre-tensed spring element for urging the handle (1) to move outwardly in the opening direction of a door (5) of the dishwashing machine in response to opening of the door (5).

10. (New) The crockery basket as claimed in Claim 7, wherein the handle (1) is arranged on the front side of the crockery basket (2) such that pivoting in of the

handle (1) takes place only by the door being closed after the crockery basket (2) is fully pushed into the washing container.

11. (New) A handle for a crockery basket of a dishwashing machine claimed in Claim 7, wherein the handle (1) has a first section (4) operable to be gripped, a second section (3), designed to be connected around braided elements of the crockery basket (2), and a third section (6), that is supported relative to the crockery basket (2).
12. (New) The handle as claimed in Claim 11, wherein the second section (3) includes a snap-lock element for a positive connection with a cylindrical wire section of the crockery basket (2).
